Ensure that competent, professional and regulated commercial services are available to Alaska consumers.

Core Services

- Administer 39 licensing programs; 19 of these are supported solely by the division, and 20 are through support to boards and commissions.
- License businesses to engage in commerce in Alaska, and grant tobacco endorsements for sale of tobacco or tobacco-related products.
- Provide the means to file a complaint or bring a matter pertaining to actions of a licensed or unlicensed professional or business to investigative staff.
- Provide consumer outreach and education regarding services of state licensed professionals.
- Register Corporations and Trademarks for entities engaged in commerce in Alaska.

Results at a Glance

(Additional performance information is available on the web at <http://omb.alaska.gov/results.>)

END RESULT A: Commercial services are licensed and professional services have competent, qualified licensees.

- 2.51% decrease in the number of commercial and professional services licenses from 117,250 in FY2008 to 114,307 in FY2009; reducing the choice consumers have in selecting a licensed provider.

Key Component Challenges**AUTOMATION ENHANCEMENTS**

This section is in the process of overhauling and enhancing many of its automated systems and processes for efficiency

and improved services for consumers. Some of the existing systems are old and can no longer be altered, requiring new systems to be procured. Others require enhancements to satisfy consumer requests for more information.

TRACK CONSUMER COMPLAINTS

As recognized by the Division of Legislative Audit, the department is developing a case management tracking system to efficiently perform its responsibilities regarding consumer complaints.

PRESCRIPTION DRUG MONITORING PROGRAM (PDMP)

Legislation was passed (Chapter 84, SLA 08) allowing Alaska to participate in a prescription drug monitoring program with oversight by the Board of Pharmacy. The U.S. Department of Justice recently approved the State of Alaska to receive a \$400.0 federal implementation grant to continue in establishing a program. The division, in support to the Alaska Board of Pharmacy is responsible to procure, implement, and maintain a prescription drug monitoring program in the State of Alaska. The greatest challenge is to obtain a system capable to receiving communications from health care providers throughout the state, and provide the necessary training and support to report and use Alaska's new PDMP system.

REPLACE THE CORPORATIONS SOSKB SYSTEM

The present Secretary of State Knowledge Base (SOSKB) System used to support the Corporations program has created significant problems because of its limited capabilities, frequent interruptions because of older technology, and vendor proprietary support issues. The system has already cost the State considerably more than originally expected. The older technology has already contributed to the backlog of processing corporate filings. The division is challenged with procuring a system to replace the SOSKB that will enhance corporate filings without bringing the program to a stop.

Significant Changes in Results to be Delivered in FY2011

No significant changes to component.

Major Component Accomplishments in 2009

AUTOMATED SYSTEMS

Planning, establishing initial requirements and taking the first steps to enhancing existing systems or arranging to procure new systems were initiated. These systems include: a) a new application for Corporation filings; b) a new Investigative case management tracking system; c) expanded excess to the confidential Guide Hunts database program; d) online renewal capabilities for programs not currently available.

CONTINUATION OF LICENSING BOARDS UNDER SUNSET REVIEW

There were three licensing Boards under sunset review that were extended by the State Legislature, some with amendments to the licensing statutes. These programs consisted of: 1) Board of Registration for Architects, Engineers and Land Surveyors; 2) Board of Veterinary Examiners; and 3) the Board of Public Accountancy.

REAL ESTATE ERRORS AND OMISSIONS INSURANCE

A new statute requirement of Errors and Omissions Insurance to be carried by Real Estate licensees was implemented in lieu of the Real Estate Surety Fund. The law required the Real Estate Commission to establish a group E & O Insurance option for its licensees. The Commission initiated its regulations and vendor solicitation process to make the insurance requirement available.

BIG GAME COMMERCIAL SERVICES MAPS

The Big Game Commercial Services Board worked in conjunction with other state departments to reestablish its Use Area Registration maps for hunting guides. After creation and deliberations on many versions of the maps, the project is nearing completion with board regulations.
